

## CHANGE IN POLICY

Dog Trotters will no longer transport your dog to the veterinarian for injuries or health issues as a first resource.

We require that you supply an emergency contact who is available for transport and financial responsibility.

Dog Trotters will first attempt to contact you the owner. If there is no response we will attempt to reach your emergency contact.

In the case that your emergency contact is unreachable or unavailable, acting as your agent we will transport your dog to the veterinarian. There will be a fee of \$35.00 during normal business hours or in the case of after hours to an emergency veterinarian clinic for a fee of \$50.00.

Once at the veterinarian using Dog Trotters transport service we will supply the facility with the contact information of the owner and the emergency contact to arrange payment and return transport. You are responsible for **ALL** vet bills.

We always have the dog's best interest in mind.

In the event of an emergency, we reserve the right to make the decision that your dog needs immediate medical attention.

If you disagree once informed, then you or your emergency contact must **IMMEDIATELY** pick up your pet from our facility or the veterinarian's office.

Thank you.
